SUMMARY

Seeking a software engineering opportunity to showcase skills, acquire new proficiencies, and make a meaningful impact. Eager for personal and professional growth in collaboration with a visionary organization.

WORK EXPERIENCE

Web Developer intern - MedCab Private Limited Jan 2024 - Present

As an intern at MedCab, the app-based ambulance service company, I'm actively contributing to the development of their online platform. Utilizing JavaScript, PHP, Laravel, and Bootstrap, I'm gaining hands-on experience in a full-stack environment, enhancing the functionality and user experience of the MedCab service.

Web Developer intern - NextUpgrad Web Solutions Aug 2023 - Nov 2023

Championed the creation of client-centric websites, seamlessly utilizing HTML, CSS, JavaScript, React.js, Java, Git, GitHub, Bootstrap, and WordPress. Adeptly fused technical prowess with creative finesse to consistently surpass project expectations. Collaborative team player, setting high standards for innovation and quality within an ever-changing industry landscape.

Frontend Developer intern - Dsvinfosolutions Pvt. Ltd. Jan 2023 - Mar 2023

Interned in dynamic web design, mastering HTML, CSS, JavaScript, and Bootstrap. Translated concepts into tangible digital experiences, making impactful contributions and refining skills in a practical, real-world setting.

PROJECTS

Shopin-Pro(E-commerce website)

Engineered a dynamic E-commerce website using a powerful combination of HTML, CSS, JavaScript, PHP, and MySQL. Demonstrated proficiency in both front-end and back-end technologies, resulting in a seamlessly integrated online shopping platform.

Hospital-Boss

I employed Java to create a Hospital Management System, streamlining operations such as patient registration, appointment scheduling, EHR management, billing, and administration. Leveraging Java's object-oriented programming, the result is a modular, scalable, and secure solution for efficient healthcare facility management.
