Profile

I am a Full Stack Developer with expertise in Programming Languages and Web Development. I excel in problem-solving and possess strong communication skills. Outside of work, I enjoy exploring distant lands, getting lost in a good book, capturing moments, feeling the music, and participating in various sports. I am seeking a MERN Stack Developer position with 1 year of experience.

Work Experience

11/2023 – Present

Lucknow, Uttar Pradesh,
India

React Native Developer

Vibrant IT Solutions Pvt. Ltd.

- Created cutting-edge React Native mobile apps, leveraging React and JavaScript to enhance user experience and optimize performance.
- Guided a cross-functional team of designers, developers, and testers to successfully navigate complex React Native projects, meeting tight deadlines and budget constraints with finesse.
- Seamlessly incorporated third-party APIs and services, such as payment gateways and social media platforms, into React Native applications. Enhanced functionality and facilitated smooth data exchange between systems for a cohesive user experience.
- Thoroughly reviewed code in the React Native framework, proactively identifying and addressing bugs and performance issues. Implemented efficient solutions to optimize app performance, guaranteeing the delivery of top-tier, high-quality products.

09/2023 – 11/2023

Lucknow, Uttar Pradesh,
India

Full Stack Developer

CRJ Software Technologies Pvt. Ltd

- Developed and implemented robust web applications using cutting-edge technologies such as HTML5, CSS3, and JavaScript to enhance user experience and optimize performance.
- Collaborated with cross-functional teams to architect, design, and deploy scalable and efficient solutions, resulting in a 30% reduction in page load time and a 50% increase in overall website performance.
- Utilized Agile methodologies to manage projects, facilitating seamless communication, and ensuring timely delivery of high-quality software releases, leading to a 20% improvement in project completion time.
- Conducted comprehensive testing and debugging of software applications to identify and resolve bugs, resulting in a 15% decrease in post-release issues and enhancing overall user satisfaction.

10/2022 – 09/2023

Lucknow, Uttar Pradesh,
India

Frontend Developer

Softpro India Computer Technologies (P) Ltd.

- Front-end: Proficient in HTML, CSS, JavaScript, and React.js for building interactive and responsive user interfaces.
- Back-end: Experienced in Node.js and Express.js to develop robust server-side applications and RESTful APIs.
- Database: Familiarity with MongoDB for NoSQL data storage and management.
- Version Control: Skilled in Git and GitHub for efficient code collaboration and management.
- Tools: Competent in using various development tools and libraries for optimizing workflows.
